THE GREAT NORTHWEST

The N. P. Road and its Forthcoming Annual Meeting.

ITS DIVIDEND AND ITS SURPLUS

One Raised and the Other Divided.
The Iron Mine Strike; Other Western News.

NEW YORK, Oct. 14--(Special to The Herald.)

The expediency of electing the new board of Northern Pacific directors for three years instead of one year at Thursday's annual meeting is under consideration. The charter provides for such a tenure of office. Heretofore the whole of the directors have been chosen annually.

It is likely that the next dividend on preferred stock will be at 3 per cent per annum instead of 4 per cent, and the matter of the division of the surplus which belongs to the preferred stockholders will also come up. This surplus, which amounts to about \$3,000,000, belongs to preferred stockholders. This fact has always been recognized, and it was officially put on record at the last annual meeting. The only thing to be decided is the time and the form of the dividend. It has not yet been decided who will go into the board in the place of the late Frederick Billings, but there is not likely to be any important change. Mr. Billings was counted as a neutral man, and was not dependent upon either the Villard or the Harris following.

THE MISSOURI STRIKE.

It is a question of Grit Which Yields.

ISHPEMING, Mich., Oct. 14. (Special to The Herald.)--The big strike is still on.

The Detroit mine which employed one hundred men gave in to the strikers yesterday making the third that has yielded. The mine agents threatened to close down all the properties yesterday morning but have not done so yet and the Lake Angelina mine management is now holding a conference with its miners. Both parties are losing heavily every day and it is merely a question of which has the most grit.

The men continue as orderly as before but are firm in their demands. Assistance has been pledged from the Menominee and Gogewic ranges and the men declare they will stay out all winter if necessary.

A BANK FAILURE.

It Assigns for Prudential Reasons; Property Sequestered.

ANN ARBOR, Mich., Oct. 14--The bank of A. H. Hagerty suspended yesterday afternoon. The immediate cause of the suspension was the failure to receive cash due and promised the bank. The liabilities are about \$200,000 and the assets will cover all liabilities. The heaviest creditors are Eastern banks. None of the business houses of this city are affected by the suspension. The men suffer from the assignment, which was made for prudential reasons to protect all creditors.

Of the other banks in which Mr. Hagerty is a stockholder, the Bank of Verona, Bank of Warren, Bank of Erie, Erie of this country, and the Farmers & Merchants Bank of Webster, S. D., are perfectly solvent and able to meet all demands.

Mr. Hagerty is one of the most widely known men in Detroit and has been in the state for many years. His credit is no wise impaired. The bank of Clarence of Clarence is involved in the suspension.

State Baptist Anniversary.

MINNEAPOLIS, Oct. 14--(Special to The Herald.)--The Minnesota Baptist anniversary began this morning, the gentlemen meeting in the First Baptist church, the ladies in the Plymouth Congregational. At the former place the pastoral union met, Rev. E. R. Hooper, after the devotional exercises, read a forceful paper on the "Doctrine of Sin as Taught in the Bible." There was not a large number of ministers present. The missionary meeting of the ladies was well attended and full of interest. After the devotional exercises the state was reported by the reports of the Minnesota and St. Paul unions.

The Body of Gordon E. Cole.

FAIRBAX, Oct. 14--(Special to The Herald.)--The body of Gordon E. Cole, who died last night, was taken to the New York city last night, where he will receive the body of his late husband. The body will arrive here Friday morning. The funeral and interment will occur here at a date to be arranged later.

Fire at the Norris.

IRONWOOD, Oct. 14--The shaft house of shaft No. 5 at the Norris mine, burned last night. The extent of the damage could not be learned. For a short time there was considerable excitement.

A Heavy Loss.

SPOKANE, Pa., Wash., Oct. 14--Congressman John L. Wilson, who returned from Washington a few days ago, reports the loss of his pocketbook containing \$10,000 in securities, \$350 in greenbacks and gold and other valuable papers. The pocketbook was lost some time during Saturday.

Resisted Into Old Steel.

CLEVELAND, Ohio, Oct. 14--Patrick Gorman, foreman of the gas department of the Ohio Iron & Steel company, went into the drying department yesterday morning to take a nap. Soon afterward, the heat was turned on and Gorman was literally roasted to death.

She Killed Her Child.

LEXINGTON, Maine, Oct. 14--While Mrs. Allen Blake was handling a rifle yesterday, the weapon slipped and the ball ruptured an artery in the leg of her little child which bled to death.

A Union of Color.

BOSTON, Oct. 14--Four hundred waiters, white and colored, met last night and were organized into a union by a member of the Waiters alliance of Chicago.

JUSTICE MILLER DEAD.

The Noted Jurist Died Late Last Evening at Washington.

WASHINGTON, Oct. 14--Justice Miller died last night at 10:35 o'clock. Besides Mrs. Miller and her son Irvine, there were present Dr. Cook, J. W. Woolworth, an old friend of Justice Miller, from Omaha; family servants and Chief Clerk McKenney of the supreme court. His remains will be removed to his home at Keokuk, Ia., where they will be interred in the family burying ground.

When the supreme court met today, the chief justice announced the death of associate Justice Miller and the court immediately adjourned to Monday next.

Justice Miller was born in Kentucky in April, 1816. He studied medicine and was graduated from the Transylvania university of Kentucky. While still practicing he studied law and was admitted to the bar. In 1848 he was a delegate to a convention at Cass, Mo. Clay and a number of other such men, the object being to suggest some plan for the gradual emancipation of slaves. The effort never came to anything, and in 1850 he removed to Iowa and soon obtained a large practice. He was an emancipationist and was the early friend of Lincoln, Chase, Giddings and Thad Stevens. The only office he ever held was the one he held at the time of his death, to which Lincoln appointed him in 1882. He was the oldest justice on the supreme bench in point of service, and was over 70 years of age.

He had the most stalwart qualities as a judge and a politician, but in private life he was a most sympathetic, the most unselfish of men.

A MODERN SODOM.

So Cincinnati Would Appear by the Action of Gov. Campbell.

COLUMBUS, Ohio, Oct. 14--The sixty-ninth general assembly of Ohio convened in special session this morning. The action of the chief executive in calling the session has been rendered necessary by the alleged corruption in the board of public improvement of Cincinnati. Two weeks ago he publicly demanded the resignation of Louis Rosenfield, a member of the board, because he refused, and in consequence the governor issued the call with the view of abolishing the board.

A delegation of the leading citizens including judges, attorneys, bankers, capitalists and merchants, are here to urge the passage of the bill to abolish the entire city government of Cincinnati and substitute a federal form. It is proposed that the head officers shall receive \$10,000 annually, and that a board of council of five members, each with a salary of \$7,500, shall constitute the governing force of the city.

SEVERAL FLOODS.

Hurricanes and Floods of Water Trouble the Bellairs, Ohio, Oct. 14--One of the worst rainstorms of the season passed over the city at 5 o'clock Sunday night, accompanied by thunder and lightning.

Creeks and streams were almost instantly flooded, people fled to the hills for safety. One bridge on the main highway was washed out, two miles west, was washed out.

There were several washouts on the Zanesville & Columbus railway and fence innumerable have gone. No railroad in this section was able to run. Horses and sheep were carried down the rapidly rising creeks. Glenora, Ohio had several small villages. The houses were flooded, the waters of the creeks being higher than ever before.

Pittsburgh--The storm in west Virginia on Monday night did great deal of damage to crops, buildings and the railroads, particularly along the Moon's creek river and its tributaries.

Bad on the Lakes.

DETROIT, Mich., Oct. 13--The worst storm of the season is reported from up the lake this morning. At one time vessels had taken refuge in the harbor and were dragging their anchors and in imminent danger of going ashore. At Port Arthur, the wind is blowing at the rate of forty miles an hour. All material in motion in the construction breakers, water washed away and considerable portion of the structure is gone.

A Kansas City Hurricane.

WICHITA, Kan., Oct. 14--The village of Andale was struck by a hurricane yesterday and suffered great damage. A large Catholic church was lifted from the ground and its contents scattered. The distance, bridges were lifted into the air.

For Business and Banquets.

CHICAGO, Oct. 14--The annual convention of the Carriage Builders National association opened today in Eastory D with an attendance of over 500 representatives. In connection with the convention there is also a magnificent exhibit of carriages and carriage material in the same building. The convention is somewhat of the nature of a social gathering. A magnificent banquet in honor of the delegates will be given at the Auditorium Thursday evening.

To Stop Cutting Rates.

CHICAGO, Oct. 14--The presidents of the various railroads forming the Interstate Commerce association are in session this morning in the Rookery building, with A. F. Walker presiding, for the purpose of considering the desirability of calling a general conference of all the Western roads with the view of entering into some other plan that will insure a better maintenance of passenger and freight rates.

An Alleged Boom.

It is reported this morning that another boom had been started at West Superior, caused by the alleged heavy purchase of land by the Northern Pacific road. The Northern Pacific, however, owns already a third of old Superior townsite and railway officials laugh at further purchases.

But he Terrorized a Mail Coach full of People.

OPENED MAIL AND EXPRESS SACKS.

There is a Jewish-American Political Wrangle in Chicago; Boston's Politics.

UKIAN, Cal., Oct. 14--

The overland stage route Sunday night eighteen miles north of this place. The Wells, Fargo & Co. treasure box and the United States mail sacks were taken. While the robber was cutting the mail sacks open Dr. Daniel mapped a pistol at him, but it would not go off. The robber returned the fire without effect. He was caught at Cloverdale yesterday afternoon and proved to be a boy of 18 years and a stranger. He traveled over sixty miles before he was captured. He succeeded in getting about \$100 from the stage. He admits that he committed the crime.

NATIONALITY IN POLITICS.

A Jewish-German Wrangle in American Chicago.

CHICAGO, Oct. 13--The local republican campaign is rapidly drifting into an anti-semitic war, and unless the efforts which are now being made to produce peace and harmony are successful, there will be trouble between the German and Hebrew elements of the city.

Louis Hutz, a prominent German, is the nominee for the county treasurer. He is reported to have put into circulation a pamphlet, "The Jewish Question," signed by a "malignant persecutor of the Jews," has been imported from the fatherland, and applied to him.

The German element does not propose to stand this sort of thing. The work has already gone out that if he is defeated in the present campaign the word will be passed down the German line in all future campaigns: "Knife all Jews for they stabbed the German."

New Political Factor.

BOSTON, Oct. 14--A special state convention of the British-American association of Massachusetts opened at Boston this morning. The convention is called to consider the adoption of a platform for political action in the present campaign. The president of the association is the first of its kind that has ever been held under British-American auspices.

Cincinnati's sin.

CINCINNATI, Oct. 14--The Ohio legislature convened in extra session this morning and a joint committee waited on the governor to request that he call a special session after which a recess was taken. The message sent forth that the session was to be held on Thursday. The condition of the public service at Cincinnati and for the purpose of securing a more efficient legislature, it is proposed that certain boards at the November election. It is an unusual measure to enumerate the charges of crookedness which have been made. The time has come to regularize and adopt a new charter for Cincinnati.

The Iron Victims.

CHICAGO, Oct. 14--The English and German iron and steel men have broken up into parties and under the guidance of local committees are visiting points of interest in and about the city. The party is inspecting the grain elevators, some of the tall office buildings and the auditorium. The largest party is paying a visit of inspection to the Illinois Steel Works at South Chicago and to the car works and four of Pullman.

Changing Foreordination.

PITTSBURGH, Oct. 14--The revision committee of the Presbyterian church will adjourn tonight, to meet at Washington in the morning. The revision of chapter three on foreordination was finally finished and Chairman Roberts pronounced the information that there were some practical changes made.

The Mother of the Army.

LONDON, Oct. 14--The funeral of Mrs. Catherine Booth, wife of Gen. Booth, who was known as the "Mother of the Salvation Army," took place today and was made the occasion of a great demonstration by that organization. The weather was exceedingly disagreeable, a murky fog enveloping the city, but despite this thousands of persons assembled in the streets to witness the funeral procession.

American Products Lost.

LOWELL, Mass., Oct. 14--A number of cases of tallow, bearing various marks, have been rescued from the water at Lands End. Some of them are marked "Amor, Chicago." A number of carcasses of sheep have been washed ashore at Harland, county of Devon. This wreckage is probably from vessels that have been lost in a fog. The weather lately has been quiet.

THE ONLY SARAH.

Bernhardt's Preparation For the Production of "Cleopatra" in America.

PARIS, Oct. 14--

Sarah Bernhardt is actively preparing for her American production of "Cleopatra," which opens in January. Tomorrow her profusion of blonde hair will be dyed a raven black, while her pinky complexion will be changed to a very dark brown by one of the most noted skin experts of Paris.

She has decided to use live snakes in the scene in which she is supposed to die from the bite of a serpent, and she has made arrangements with the chief keeper of the Forest of Fontainebleau for a kind of inoffensive serpent nearly the size and color of the asp. She will take over two dozen of the creatures with her to the United States.

SOCIETY KNOCKED OUT.

No More Progressive Euche in a Missouri County.

LEXINGTON, Mo., Oct. 14--When the circuit court convened in criminal session today Judge Ryland, in making his charge, ordered the jury especially to investigate reports that games of cards for money known as progressive euche and high five, were indulged in at private residences.

He ordered the grand jury to return indictments against all card-players, no matter how high in social position they might be.

American Christian Convention.

MARION, Ind., Oct. 14--The American Christian convention here adopted the report of the committee on organization recommending the division of its territory into districts as follows: First, New England; second, the South; third, New York and New Jersey; Pennsylvania and Ontario; fourth, Ohio with Kentucky; fifth, Indiana, Illinois and Pennsylvania; sixth, Iowa, Wisconsin, Nebraska and the Northwest; seventh, Kansas, Missouri and the south.

A Seal Printer Arrives.

VICTORIA, B. C., Oct. 14--Yesterday the sealing schooner San Diego arrived from Alaska and was ordered out by the collector of customs. She returned to leave for Alaska on Saturday. The captain reports he caught 570 seals in Behring Sea despite the vigilance of the cutters and the fact that he had a total catch for the season was over 1100 seals.

Intensely Prohibition.

MARTINSVILLE, Ind., Oct. 14--The liquor dealers here are in a state of siege. Saturday night a dynamite bomb was placed under Hancock's drug store and exploded, following scattered his "red eye" promiscuously damaging stock and the building to the amount of \$1500. The explosion closed on Hancock's drug store door saying his place was next in line. William Musselman, a saloonist, was notified of the same within twenty days of suffer the consequences.

A Bad Place to Try Such Cases.

NASHVILLE, Tenn., Oct. 14--Lewenthal & Co., wholesale merchants of this city, have won a test case which had been instituted against them as proprietors of a saloon in Louisville for selling original packages. The presiding judge decided they sell under the conditions with which they had complied. The firm was under 108 indictments and a bond of \$16,000.

Judge Cooley Lectures.

ANY ARROW, Mich., Oct. 14--Judge Cooley left last night for Washington to resume his duties as chairman of a committee on commerce commission. The Arrows then invaded the government building and killed the governor. They robbed the treasury and released all the prisoners.

The Tunnel Complete.

SARINIA, Ont., Oct. 14--The last section of the metal lining of the St. Clair tunnel, constructed by the Grand Trunk Railway company has been put in place, and the putting down of the railway track in the rock is now going on.

One Disembled.

DUBLIN, Oct. 14--At the request of Mr. Roman, the prosecutor for the crown, the court at Tipperary, before which Dillon, O'Brien and other defendants are being tried on charges of conspiracy, has dismissed the case against Mr. O'Mahony, whose illness prevents his attendance. The trial of the remaining defendants will now proceed.

"Start For the Indians."

Capt. M. A. Leahy, United States Indian agent at La Pointe agency, is at Cloquet to disburse \$7500 to the Fond du Lac Indians. The payment amounts to \$10.00 or thereabouts to each one, the smallest child getting as much as the oldest man. The payment is made in advance interest for lands ceded to the United States by the Chippewa Indians of Minnesota.

Col. Graves on the McKinley Bet.

Col. C. H. Graves has returned from a business trip to New York. "Some importers are, of course, talking about that unjust and iniquitous measure, the McKinley bill," said he to a reporter. "The only objection to the new tariff appears to come, though, from democrats."

CITY BRIEFS.

An excursion party from Hurley and Ironwood passed through town yesterday afternoon en route to Duluth. They will remain in Duluth sometime on their return next week.

The following variations in temperature were recorded at Foster Fuel Company's office, Hotel St. Louis, 330 Superior street: 12 m., 37; 3 p. m., 36; 6 p. m., 35; 9 p. m., 34; 1 a. m., 28; 4 a. m., 20; 12 m., 35; Maximum, 39; minimum, 20; daily range, 19.

Pharmacist Donnelly and W. W. Erwin will speak at the Belbel tonight.

The fourth annual meeting of the Minnesota Veterinary conference will be held in Duluth this year, and will occupy four days of this month, beginning with Oct. 25.

There are a large number of explorers on the range at the present time and lines are being run in every direction.

Articles of incorporation were yesterday filed with the secretary of state by the Scandinavian Real Estate and Investment company, with place of business at Duluth. The capital stock is \$100,000 and the persons forming the corporation are (Mrs.) Erickson, Andrew G. Olson, Magnus Anderson, Dr. G. Chastain, A. S. Engstrom, Soderstrom, Paul C. John, John F. Fredin and Charles W. Wilson, all of Duluth.

Wm. Hubbard of the West End has begun building a store building at New Duluth.

P. S. Wardwell will build a \$3000 dwelling on Duluth heights.

Drinking and crib building on the Miller dock on Sixth avenue west is being pushed. The dock will be one of the best in the city.

Dr. C. S. Allen is rebuilding his house on Third street near Sixth avenue east.

The first building to be erected at New Duluth are the stores of Hubbard & Erickson and the dwelling of Fred Herman.

M. S. Barrows was one of the lucky reporters who got ahead of the McKinley bill. He received this morning a bill of goods consisting of five grand orders from Allen, Solly & Co., London.

He paid 30 cents per duty on the stuff, the new tariff amounting to 10 per cent. One peculiar feature of the invoice was the charge for the box. In this country postage is usually free, but the London bill had a memorandum of \$0.50 for sending box, wood being a dear item here, English manufacturers say.

One horse of a runaway team struck a telegraph pole in front of the chamber of commerce building this morning and was instantly killed. The horse belonged to Herman's farmer.

Traveling Passenger Agent W. E. Wagner brought in this morning a party of twenty or a honeymooners' excursion from northern Iowa.

The Fourth street paving is going ahead rapidly. Two blocks between Fourth and Sixth avenues east are nearly ready for the paving.

Work is being prosecuted as rapidly as possible on the apartment house being built by M. F. Baldwin on Second street west. Men are working night and day waiting for the foundation.

Today freightage has been again raised. The receipts of grain have been a little better, but there is no inquiry and no change was made. Rates held steady at 2 1/2 cents.

An assessment of Stairway, Chickering, Leach & Pond, Galber, and other standard pianos in fancy woods is kept by Duluth Music company.

J. H. Robinson and wife returned this afternoon from a visit to the Sioux City race track.

County Superintendent Stultz is visiting the schoolmen the range.

THEY WANT ENOUGH.
Lots of iron on the Algonquin that the Prices Are Too High.

Byron White, a well-known iron man of the Gogebic range, came down a day or two ago from Port Arthur, where he had been looking over the Algonquin range. Talking to a Herald reporter he said:

"The iron of the new range is just as good as the Vermilion apparently, and perhaps a little better than the Gogebic ore. It lies exposed in tremendous quantities and mining for a few years will be remarkably cheap. There are hills of iron 200 feet high that are stripped clean of all matter."

"But there's one trouble with those fellows up there, they take for their undeveloped properties all they're worth, and they seem to think that claim that shows iron is a mine. If they don't look out they will injure the prospects of the range by keeping out investors. They appear to think they'll have a boom as the Gogebic did. All I've got to say is that if they don't knock out their own properties."

NOTICE TO MINERS.

WIRES OVERHEAD KILL.

They Are the Cause of Death at a Syracuse Fire.

A GREAT HOTEL BURNS LIKE TINDER.

And the Wires Prevent the Firemen From Getting to Work: the Dead and Injured.

Syracuse, N. Y., Oct. 15.—By the burning of the Leland hotel, the total loss exceeds \$150,000. The hotel cost \$80,000. The furniture is all destroyed. There was considerable loss sustained by the American Express company in its building, and express matter, adjoining the hotel. The individual inmates of the hotel lost heavily in personal effects.

It is probable the loss of life will not exceed eight persons, three guests and five servants. About thirty persons were severely injured.

The fire was discovered at 12:30 a. m. and in half an hour the hotel was burned to the ground.

The Leland was built three years ago and was the best hotel in Syracuse. The magnificent Leland, the most modern and the finest appointed hotel in central New York is today nothing but a mass of smoldering ruins. It was 12:30 this morning when the fire was first discovered in the region of the kitchen, located on the second floor in the rear of the west side of the building. Inside of fifteen minutes the building was in flames from end to end, and before thirty minutes had elapsed the hotel had fallen, with the exception of the north-east corner. The whole was one seething furnace, and the flames, which were as high as the spire of the cathedral, were seen for miles around.

It was feared the loss of life was about thirty, but the night was so dark and the number of missing and dead was reduced to seven or eight.

When the flames began to sweep through the hotel, Night Clerk Jones saw the automatic fire alarm bell ringing and he ran to the fire alarm box. He could realize what was the matter, the flames and smoke rushed through the hall, cutting off the escape of the guests. Each room was provided with a common rope fire escape and by means of these many lives were saved.

The burning hotel viewed from the street presented a scene which will never be forgotten. At any window of the fire stories of the burning building could be seen men and women pleading for help or making their escape by means of the rope appliances. In a woman was seen to carry a man and another woman, and they were struggling in each other's arms, trying to get out of the window. Below them was a sea of flames. Soon after they reached the street, the woman who carried the man and woman, and the man who carried the woman, were seen to be struggling in each other's arms, trying to get out of the window.

On the fifth floor toward the east side four women appeared at the window, their arms outstretched, pleading for help. They were seen to be struggling in each other's arms, trying to get out of the window. Below them was a sea of flames. Soon after they reached the street, the woman who carried the man and woman, and the man who carried the woman, were seen to be struggling in each other's arms, trying to get out of the window.

In her descent she struck the wires and her body bounded over and over and she hit a window and was hurled from the floor. Meanwhile the firemen were working with a will and succeeded in placing the extinguishers against the building. A cry of horror rang out from the spectators when it was found that the fire had spread to the second floor. A cheer was quickly subdued by a cheer when one of the firemen mounted the ladder and standing on the top of the building reached up and helped down the three women.

It was the work of a hero. Had the Cummings woman waited a moment or two her life would have been spared. On all sides men and women could be seen dropping from the windows or sliding down the fire escapes.

In the center of the building were being carried similar scenes to those on the outside. The guests in the rooms facing this court in many instances had to make their escape by this means.

Some jumped, while others used the fire escapes. One woman, who was on the fourth floor, came down two and half stories on a rope, when the escape refused to work; he dropped to the sidewalk, may recover; John Dunn, fireman of Company No. 1, who was on the roof of the building, was working for the upper portion of the building, he, with a couple of firemen, had reached the fourth floor, when they could go no farther.

Following is a list of the dead so far as known: Mrs. William E. Harrop of Elizabeth, N. J., aged 40 years, lowered herself by rope half down from fourth floor, when the rope burned off and he fell; Rose Schwarz, 33 years, hotel domestic, jumped from fifth floor; unknown woman, about 35 years, hotel domestic, jumped from fifth floor and was instantly killed.

Following is a list of the injured: Joseph Campbell, aged 18, hotel domestic, jumped from fifth floor, may live; R. S. Deschamps of New York, aged 58 years, salesman; was on fourth floor, came down two and half stories on a rope, when the escape refused to work; he dropped to the sidewalk, may recover; John Dunn, fireman of Company No. 1, who was on the roof of the building, was working for the upper portion of the building, he, with a couple of firemen, had reached the fourth floor, when they could go no farther.

THE FIRST TIN MILL.

Ironston Steel Company to Go Into the Tin Business.

SO IT WILL ENLARGE ITS CAPITAL.

The Steel Company, Adjoining Land Owners, Sellwood, Harrington and Others are in it.

The Herald is glad to state today that a tin mill, the best of its kind in the United States, is being operated in Duluth, and that it is practically settled that such a mill will be built in Duluth.

Some six months ago local and outside capitalists formed a plan for the building of a tin mill in Duluth, contingent upon the passage of the McKinley bill. This bill has now become a law, and the time of its enactment is at hand.

Some six months ago local and outside capitalists formed a plan for the building of a tin mill in Duluth, contingent upon the passage of the McKinley bill. This bill has now become a law, and the time of its enactment is at hand.

Said one of the leading stockholders of the Ironston Steel company of this city: "The first tin plate mill and many others of the United States will be established at Duluth. This is an assured fact, for details of the concern are now being discussed. The tin mill will be built in conjunction with the Ironston Steel company's works. The plan is a stupendous one. PULITZER WITHDRAWS.

No Longer Controlling Editor of the New York World.

New York, Oct. 15.—The World yesterday editorially: Yielding to the advice of its physicians Joseph Pulitzer has withdrawn from the editorship of the World. The entire control of the World has been vested in an executive board of its principal editors, who have been long in its service and have conducted it in the absence of its chief.

The change is thus more nominal than otherwise. It involves no change of methods, of principle or politics. The World will continue to be guided by the ideas of the man who made it what it is.

THE NORTHWEST.

Rapists in Minneapolis; Iron Miner Strife Still Fester; Western Northwest News.

MINNEAPOLIS, Oct. 15.—(Special to The Herald.)—The principal topic before the Board of directors of the Union depot at 2:25 p. m. was the proposed line station a short distance from the Union depot where the conductor and engineer register, three men without make or visible disguise entered the first chair car on a pretense to be news agents selling papers.

They covered the passengers with revolvers and compelled them to hand over their valuables and then made their escape as the train was leaving the station without the suspicion of anyone about the station. There were six passengers in the car and it is impossible to say how much the robbers succeeded in getting.

ENGINE DRIVERS. Possible Consolidation of Two Railway Organizations.

PITTSBURGH, Oct. 15.—Tonight the twenty-seventh annual convention of the International Brotherhood of Locomotive Engineers will be formally opened in the Grand opera house. The character of the reception to be tendered the delegates tonight will be a striking indication of the high regard in which the particular order is held.

A PLACE FOR INDIANA.

A Boomer Probably Will Take Justice Miller's Vacated Chair.

INDIANAPOLIS, Ind., Oct. 15.—It is generally believed among President Harrison's friends here that he will appoint an Indiana man as Justice Miller's successor on the supreme bench.

There are men mentioned in connection with the vacancy. They are William A. Woods, United States judge for the district of Indiana; W. H. H. Miller, attorney general of the United States; and Byron K. Elliott, of the Indiana supreme court. The latter is not so much spoken of as the others, but many generally believe he stands a fair chance of being appointed. It is generally believed that Justice Miller will be the favored man.

AN OLD QUESTION.

The Boy Car Against the National and State Courts: Is a Constitutional Question.

WASHINGTON, Oct. 15.—The department of justice will present, considering the famous swamp lands case in the Duluth land district of Minnesota.

It has to do with certain lands in Minnesota which are now valuable for mineral purposes, and which are not only \$200,000 worth of property, but an interpretation by the supreme court of the United States of the eleventh amendment to the constitution. It is the so-called Boy case in the Duluth district. It has been dragging through the interior department for several years. The question to be settled is whether a patent granted to a state for swamp land can be nullified by light proceedings.

The land in question is situated in the natural country above Duluth. It was settled to the state as a part of the swamp land grant under the act of March 3, 1850. A few days before the field of the surveyor were filed Joseph Roy settled on the tract as is shown, and conclusively by the testimony now on file in the interior department. When the proposition was made to certify to the land as swamp, Roy filed notice of contest, but in some way the papers were mislaid in the department here, and the matter was delayed, as the official record, contrary to law.

The state of Minnesota, it is understood, will insist upon a mandatory injunction to the state to file the papers, and that will bring into discussion the interpretation of the eleventh amendment. It is generally believed that the attorney general will see fit to institute proceedings.

Since then there have been a number of attempts to straighten the matter out and give the Roy claimants their rights. The claim has been made that the original survey were fraudulent. A petition was filed four years ago by the Roy attorneys asking that the United States should issue a patent to give it up, claiming that it was duly and properly certified by the government. The decision of the secretary of the interior is in response to this petition. He has requested the attorney general to bring suit in the interior of the United States.

General Belknap's Funeral.

WASHINGTON, Oct. 15.—The funeral of the late ex-Secretary of War Belknap was today held at the Arlington National cemetery. The service was held at the residence of the late Secretary of War, and the remains were taken to the cemetery by a caisson.

Belknap was born in New York, and was a member of the Union Army during the Civil War. He was Secretary of War from 1877 to 1881, and was later appointed Secretary of the Interior. He was a member of the Republican Party, and was a close friend of President Grant.

PHILADELPHIA, Oct. 16.—Two Harbors, an Italian at Big Foot's camp, has been arrested by the authorities at the Cheyenne agency for poisoning an Indian. He has been performing weird dances, going into trances and asking their medicines, and even using them and pointing from the supernatural in them.

The worst treason.

Has been the theme of political discussion for the last fifty years, and every campaign, "protection," "free trade," "tariffs," "industrial industries," "British goods," "cheap markets," "Golden rule," tariff tax, are piled upon our ears by the usual snail of the respective parties, and the average voter knows nothing at all about the matter, and simply votes the ticket his father did. The tariff on wool, silk, sugar, coffee, clothing, and many other articles, may be too high or too low, but one thing is sure, it is unequal, and that is, that the tariff on the American-made goods, fast time and splendid (and the "Star" brand), and the further fact that it is the last and most direct line to all principal towns and cities in the state, and the passenger "tariff" rates are so reasonable as to satisfy everybody. For time tables, tickets, rates, and all other information, call on any ticket agent of the Burlington, or connecting lines, or address W. J. C. Koryan, vice, Pass. Agent, C. & N. R. R. St. Paul, Minn.

Specimens of the Condition of Affairs on
Selling Vessels.

SAN FRANCISCO, Cal., Oct. 17.—The
ships E. S. Thomas, Capt. Oulton, from
New York, and Alex. McCullum, Capt.
O'Brien from Baltimore, arrived yester-
day with heavy on board. There were
four cases on the Thomas and seven on
the McCullum. The sailors on the
McCullum were in horrible condition,
their bodies being covered with running
sores. Their gums were black, and
swollen and hid their teeth.

The men said that during the 15 days' passage they had not tasted vegetables
of any sort, and the meat given them
was putrid.

Thomas Hayes and James Messure had
become blind. During the voyage Second
Mate Cooper of the Thomas was lost
overboard.

The Engineer.

PITTSBURGH, Pa., Oct. 17.—The loco-
motive engineers held their twenty-
seventh annual session here yesterday.
The meeting was held with closed doors,
after adjournment First Grand En-
gineer Ingraham said they had met
started with their business, the session
being taken up with the introduction of
resolutions. An official of the organiza-
tion stated this afternoon that the en-
gineers would not federate.

Made It Jail.

CHICAGO, Oct. 17.—Coronel Felt, who
has been Cook county jailer nearly
thirty years, died last night of pneu-
monia. He leaves a comfortable for-
tune of about \$125,000, having invested
in paying real estate in early days.

DULUTH'S SMALL SHARE.

The Schlesinger syndicate has ordered for more vessels of the same pattern to cost in the aggregate \$200,000. The contract for the new boats was closed by Mr. Paulsen, manager of the Globe Iron works, during his visit to Milwaukee a few days ago.

It is said the vessels will be ready for business by next spring. This will make the largest fleet of ore carriers con-
trolled by one company on the lakes and
will make possible for the Schlesinger
people to land their ore at Ohio ports at
a rate much lower than could be secured
otherwise.

THE MINE STRIKE.

A Thousand Men Back at Work Today
Probably 3000 Will Be by

INDEPENDENCE, Mich., Oct. 17.—(Special
to the Herald.)—Yesterday morning 100
miners returned to work. This morning
1000 are back. The strike is nominally
over, but has not lost most of its force.
Many miners will have for other fields
in preference to going back on the old
terms. It is thought that by Monday
3000 men will be back at work.

There is much discussion among the
2000 still on strike. Most of them wish
to go back to work, and will do so to-
morrow or Monday. None of the men
going back have been interested with.

RETIRED FOR GOOD.

John L. Wainwright, formerly of De-
troit, is here.

CHICAGO, Oct. 17.—John L. Sullivan
insists that he has left the prize ring for
good. Nothing, he declares, not even the
suggestion of a \$25,000 purse to meet
the winner of the prospective Slavin-
Sullivan fight would, he says, tempt him
to again enter the arena. He is now
heavy blows to remain in Duncan Har-
vey's company in this country till next
June, and has also signed a contract to
go to Australia with them in July for
a year.

Sullivan, denying emphatically the
stories that he was on the verge of re-
turning to boxing, said he was, and he
declared that he was not. He is now
keeping away from liquor he intends to
hide by.

CANADIAN LUMBER COMING.

Four Hundred Car Loads on the Way now
from Ontario to Duluth.

OTTAWA, Ont., Oct. 17.—Four hundred
car loads of lumber have left here for
the American market since the removal
of the export duty. The amount await-
ing shipment here is over 200,000 car
loads.

Both The Empire and The Gazette at-
tribute the government for removing the
duty on the ground that it will allow
American lumbermen to enter Canada
freely. The latter paper, however, has
done good to Canadian industries;
a shipbuilding treaty might be negotiated
that would further develop in the
lumber business the government has
received protection without securing
reciprocity.

DEADWOOD LOSERS.

Some Interesting Census Statistics for
Deadwood, S. D.

WASHINGTON, Oct. 17.—The census of-
fice this afternoon completed the tabu-
lation of the returns for the Second di-
vision of South Dakota: Population, 33,
048; in 1880 the population was 18,115.
The increase is 82 per cent. No re-
turns have been received from Burdick,
Tripp, Deuel, and Lawrence, and Wash-
ington. The latter two counties
show a decrease. Lawrence shows a
falling. The city of Deadwood, popu-
lation in 1880 was 2,908, a falling of 141
from their present population of 2,767.
The census of the state will be an-
nounced next week.

Engineers in Convention.

PITTSBURGH, Oct. 17.—The national
convention of the Brotherhood of Loco-
motive Engineers began this morning
morning by receiving the reports of the
delegates. The rumor that Powderly of
the Knights of Labor proposed to send
a communication to the body is not
correct. The deep-rooted antago-
nism between Powderly and Arthur
is well known, and there is little chance
that any communication from the
Knights would receive very cordial
treatment.

A New Vote.

NEW YORK, Oct. 17.—A prima donna,
Alma Astoria, will make her debut in
this country tonight at the Grand
Chickering hall. She is one of the most
famous singers of Spain. Her voice is
a rich high soprano, and she has a
remarkable purity. She has sung in
Portugal, Italy, France, Russia, Egypt,
Mexico, Cuba, and Central and South
America, creating a furor everywhere.

A Political-Social Club.

CHICAGO, Oct. 17.—The Corn Club club
is the latest social organization. It is
composed of a number of bankers, jour-
nalists, and other professional men. It
is intended as a protest against the
rales in prices of cigars occasioned by
the Knights of Labor proposal of a
union for membership in that those elected
must smoke a corn cob pipe on the
streets in lieu of a cigar.

Planters want Reciprocity.

HAVANA, Oct. 17.—The meeting called
by the Board of Planters yesterday to
consider the tariff question was attended
by the wealthiest planters in Cuba. It
was decided to send to the minister of
the colonies a petition in favor of rec-
iprocity with America, the abatement
of the Cuban duties, the suspension of
the revision of Cuban goods, and the
recoction of the law of mercantile re-
lations with Spain.

Roasted Alive.

PITTSBURGH, Oct. 17.—While workmen
were engaged in rebuilding the bridge
head & McLean's yesterday afternoon
a fire broke out in the furnace stack
and spread to the bridge. Five Hungar-
ians, names unknown, were also re-
surrected.

Beyond Yesterday's Help.

ATLANTA, Ga., Oct. 17.—Private Frank
O'Neal, of Battery G, Fourth United States
artillery, died yesterday of hydro-
phobia at Ft. McPherson.

HE WAS VERY GAMY.

An Early Morning Hanging in
Morris, Illinois.

AMUCK WITH A RAZOR IN A STREET CAR.

A Gale Casts Coasters on Shore; Fire
and Panic in a Church Full
of Children.

MORRIS, Ill., Oct. 17.—James Maxwell
was hanged at 10:45 this morning for the
murder of Charles Decker in June last.
He was game to the last, and died ap-
parently the most unconcerned man in
the town of Morris.

The crime for which James Maxwell
was executed was one that was at-
tended with a brutality rarely found even in
the annals of crime. On the night of June
2nd, the house of Charles Decker, a
this place was entered by two men for
the purpose of robbery. Decker, a man
about 20 years old, was aroused and met
the marauders in the hallway. One of
them beat him over the head with a
baton, fracturing his skull and inflic-
ing other injuries. From the combined
effects of which he died.

His assailant left him lying on the
floor and entered another apartment,
where they were met by Mrs. Decker,
the mother of their victim. She was
knocked and rendered insensible by a
blow from the knotted stick that had killed
her son. The marauders then ransacked
the house, but an alarm had been given
by a servant of the family, and they fled
without securing any plunder.

A party of citizens searched the
country about the village, and in two
hours had Maxwell to earth and ar-
rested him. The following day a
grand jury named Pittsburg was also
arrested. Enough evidence was ob-
tained implicating the pair to
make their guilt a matter of little
doubt, and the prisoners narrowly es-
caped. Maxwell had induced Pittsburg to
commit the crime, and he was the
chief instigator. More evidence was ob-
tained later by which it was shown that
Maxwell had induced Pittsburg to commit
the crime, and he was the chief instigator.
Maxwell was sentenced to hang, while
Pittsburg, who turned out to be a
gentleman, got off with a term of im-
prisonment.

THE RAZOR ACT.

A Street Car Cleared and One Man
Killed.

CHICAGO, Oct. 17.—A negro with a
razor brought on a panic in a street car
last night at 11:30 o'clock. He boarded
a street car at Fifteenth street and
refused to pay his fare. A conductor
advised him to get out, whereupon the
negro drew his razor.

A passenger in the car told for the
doors except one young man named
Tom Donovan. Donovan volunteered to
vanquish the negro. The two men
grappled, and the negro was thrown
out of the door. Donovan was un-
injured, but the negro was killed.

A SUDDEN GALE.

East Two Coasters, Haul on the Eastern
Shore; the Crews Saved.

CHATHAM, Mass., Oct. 17.—The schooner
Jane L. Newton of Boston, with a
cargo of lumber, is ashore near Mono-
noke. The vessel is in a bad way, and
An H. Perrow of Weymouth, with granite,
is ashore near the Chatham life saving
station.

Two vessels were at anchor at mid-
night, when a terrific gale tore them
from their moorings and cast them into
the breakers. The crew of the Perrow
were taken off in a lifeboat from the
Boston after perilous work by the life
saving crew, while the Mononoke life
boats rescued Capt. Atkins and wife
and the crew. Both vessels will
probably prove a total loss.

FIRE IN A CHURCH.

A Polish Church in Chicago Catches Fire
and a Panic Results.

CHICAGO, Oct. 17.—There was a panic
with probable loss of life in St. Stanis-
laus Roman Catholic church on Noble
street in the Polish settlement in the
northwestern portion of the city this
morning. The pastor, the Rev. Father
Barynsky, was conducting an 8 o'clock
service for children and the church was
filled with the little ones. While ser-
vice was in progress the altar draped
caught fire from one of the candles and
a panic ensued. In the wild rush about
twenty of the children were crushed and
killed, and a score of them received in-
juries which it is believed will prove
fatal. There were about 1500 children
in the church at the time.

The fire was quickly extinguished.
None of the little ones were dead, but a
large number were injured, a few
seriously.

Stole from His Regiment.

ST. LOUIS, Mo., Oct. 17.—First Lieut.
G. M. Turner of the First United States
infantry at Fort Clark has been arrested
charged with embezzling \$200 belonging
to his regimental bank. Lieut. Turner
was treasurer of the bank. He will be
tried by court martial at St. Louis, but
as the embezzled funds did not belong
to the government he cannot be
convicted, but can be reprimanded and
reduced to the ranks, which will prob-
ably be done.

Hay on Fire.

LA PORTE, Ind., Oct. 17.—Fire is rag-
ing in the hayrack at La Porte, a
country, in which is stacked thousands
of tons of hay, and much has already
been consumed. The hay rack is
all will be burned. The hay rack is
the hope of the people of La Porte.

And Duluth Grocers Aren't Far Behind
Either.

CHICAGO, Oct. 17.—The advance of
manufactured articles affected by the
McKinley bill has been followed during
the past few days, by a decided rise in
the price of provisions. Nobody has at-
tempted to allege that necessities of the
daily table have been affected by the
tariff law, but the provision
grocers seem to have got it into their
heads that as every other branch of re-
tail industry is marking up its prices
they have a right to do the same. The
quantity served, or attached prices to
the daily table have been reduced, and
prices continue to rise both rich and

COMING OVER.

Dillon Looks for Half a Million Cash Out
of America and Impairment
Afterwards.

LONDON, Oct. 17.—The Paris corre-
spondent of the Times interviewed the
Irish fugitive yesterday. Mrs. O'Brien
will go to America with her husband,
but will not speak.

Dillon expects to raise \$500,000 in
America, and expects a year's imprison-
ment when he returns to the United States
for assisting himself to the Pope
over five years.

Irish Aid.

LONDON, Oct. 17.—The Star, O'Con-
nor's paper, says it is alleged that the
summing up of the evidence of the four
bishops in Ireland is a mere formality
necessary to the fulfillment of their duty
of presenting themselves to the Pope
once every five years.

Do not regard their going as an im-
portant affair. The archbishops
have prepared an elaborate plan for the
ceremonies of dedication of the World's
fair buildings on Oct. 12, 1892. The

A NEAR-BY SILVER MINE.

One is Discovered on an Island
in the River.

MAJOR BALDWIN BUYS IT FOR \$10,000.

And Active Work is to Begin on De-
veloping the Property
Very Shortly.

A very rich vein of silver has been
struck on an island about two miles
above Fond du Lac by explorers. The
mine was first struck on the main land
opposite this island, and traced to the
island, where it shows wonderful rich-
ness.

E. S. Hammond brought the news to
town, and also had some fine samples to
show. This is equal in richness to
any of the mines in the Port Arthur
region, and its discovery claims to have
struck a bonanza.

The island upon which the ore was
found is owned by J. B. Scoville, to
whom \$10,000 has been paid for the
property. Hon. D. G. Cash also owns
some land near this island, upon which
a vein has been struck. The island
property will be at once improved and
developed. It is expected by the new
owners that great things will come of it
in a very short time.

THE DEDICATING EXERCISES.

Plan For Opening Ceremonies of the
World's Fair Buildings.

CHICAGO, Oct. 17.—Secretary Dickin-
son of the World's Columbian exposition
has prepared an elaborate plan for the
ceremonies of dedication of the World's
fair buildings on Oct. 12, 1892. The
Pope's desire to assemble at the fair
is a very important matter, and has
been a subject of much discussion. The
Pope's desire to assemble at the fair
is a very important matter, and has
been a subject of much discussion.

Mr. Dickinson proposes to give on the
grounds and in the buildings a grand
interstate and international military ex-
hibition and band tournament. He
would have the exercises begin the first
Monday in October and conclude a few
days after Oct. 12.

The plan suggested, Mr. Dickinson
believes, will bring together all the
military organizations and the finest
bands in the country, and make
the greatest military and musical event
of the age. He figures the daily attend-
ance at 10,000 to 15,000 and the total
admission at 1,000,000 to 2,000,000,
which at fifty cents a head would bring
in a handsome sum, and Mr. Dickinson
estimates not less than \$250,000 above ex-
penses.

PHILADELPHIA BODILY-BLIND.

PHILADELPHIA, Pa., Oct. 17.—The two
story dwelling house in the rear of 219
Cherry street, collapsed this morning
and fell to the ground. The house was
occupied by John Dugan and his family
of nine persons, but they miraculously
escaped.

A Noted Man Drops Dead.

PHILADELPHIA, Pa., Oct. 17.—Stephen
A. Caldwell, President of the Philadel-
phia Trust company of this city dropped dead
at his home this morning. Mr. Caldwell
was a director of the First National
bank. He was one of the directors of
the Reading railroad.

Two Men Hanged.

ST. PAUL, Oct. 17.—The verdict of the
jurors jury upon the death of the St.
Louis freeman, killed in a railroad ac-
cident last Sunday evening near Como
station, Minn., was in the effect that the
switchmen, Henry Coleman, and John
Down, the engineer of the Eastern
Minnesota freight, were responsible for
the accident.

THE FUNERAL TRAIN.

Justice Miller's Body Will Reach Keokuk
Tomorrow.

PITTSBURGH, Oct. 17.—The train bear-
ing the remains of Justice Miller arrived
in this city, en route from Washington,
D. C., to Keokuk, Iowa, at 9:20 o'clock,
and after a brief stop proceeded west-
ward.

In the funeral party were Chief Jus-
tice Fuller, Justice Brewer, Attorney-
General Miller, Maj. Wright, marshal of
the supreme court of the United States;
Mr. McKenney, clerk of the supreme
court; Professor Wilson of Smithsonian
institute; Mr. Woodworth of Omaha;
Frederick Paine, Superintendent, Man-
ufacturing Department, U. S. Depart-
ment of Public Affairs; Mr. Q. G. Under-
representing the Pennsylvania Railway
company, and family and personal friends
and relatives of the deceased.

The funeral party will reach Keokuk
tomorrow morning.

MORE TERMINALS.

These, Louis Land & Toronto Company
Organize Its Successor Terminal
Company.

The St. Louis & Superior Terminal
company was formed and articles pre-
pared today, the members being the St.
Louis Land company, H. B. Walmsley
of East Chicago and E. L. Henry, Duluth,
and the capital stock of the company is
\$200,000, and the object is to build and
operate railway terminals.

The terminal road will be twenty miles
long, and will run from and to the fol-
lowing points: From a point opposite
Fond du Lac to the Northern Pacific rail-
way tracks at Walbridge; from the same
point to West Superior; from St. Louis
to South Superior and Superior to a
point on the Northern Pacific rail-
way at Superior.

AND THESE WOULD RULE.

A Sample of the Kind of Negroes the South
Don't Like.

COLUMBIA, S. C., Oct. 17.—Prison-
er Jones, colored, was killed Sunday morn-
ing at Sumter, S. C. A meeting was
being held by the negroes at the South
church, and the greatest excitement
prevailed. It was at first reported that
Primes had been offered in a sacrifice to
the holy ghost because of his inebriety.

Deputy Governor Morris held an in-
quest into the cause of death. A witness
showed that in a perfect frenzy of
fanaticism, Jones, was killed by
Rev. A. H. Durrant, the negro pastor,
and one Richard Campbell, a prominent
member of the church, because the
deceased had expressed doubts about
the supernatural power of Durrant to
kill and restore to life and that it was a
test case, but the experiment failed. A
large number of Durrant's congregation
believed that he possessed supernatural
power and his failure in this case
caused a severe shock to the church.
The finding was that Jones was killed
and murdered by Richard Campbell and
A. H. Durrant. The jury was composed
of intelligent colored men.

STRIKES IN CUBA.

HAVANA, Oct. 17.—The street car
and omnibus companies dismissed all their
striking drivers and contracted with new
men yesterday. The old drivers as-
sumed a menacing attitude and stoned
the drivers of omnibuses, injuring several
passengers. Severe measures have been
taken to preserve order. A number of
clerks and waiters went on strike yesterday.
It is rumored that all trades will join
the strike.

RUBE BURROWS' REWARD.

The State May Repudiate His Blood Money
Oath.

MONTICELLO, Ala., Oct. 17.—It de-
veloped today that there is a doubt of the
reward of \$10,000 offered by the state
and government for the capture and deliv-
ery of Rube Burrows to an officer will
be paid. The out-law was killed before
he was turned over to the custody of
any lawful officer.

It is said that the postmaster-general
will also refuse to pay the government
reward, as neither the state or the na-
tional government can be said, the cap-
ture may be deprived of their \$10,000 re-
ward, or at least a portion of it.

NEW YORK CENSUS.

Explanation of the Police Count in the
Metropolis.

WASHINGTON, Oct. 17.—If Mayor
Grant makes an application for a recount
of New York city no action will be taken
until after the return of Superin-
tendent Thurston from Europe. Mr. Por-
ter is due Thursday of next week.

The police count, engineered by that
city entitles them, it is claimed, to one
more representative in the new apportion-
ment than the federal count allows.
It is not known whether the recount
will be granted.

Regarding Our Navy.

WASHINGTON, Oct. 17.—A steel confer-
ence was held at the navy department
yesterday in regard to expediting the
construction of new vessels in course of
construction and to be constructed. Ad-
dresses were delivered by the shipbuilders, C. E.
Cramp, Irving Scott, Mr. Muller, C. E.
Hyde and others. The conference was
secret. Its conclusions will be of an en-
tirely advisory character.

JUMPS AT THE ALLIANCE

The Organs of Our French Citizens Repudiate It.

NOT THE SAME JOHN THE BAPTIST.

Mr. Maginnis Also Squashes the Alliance: No Nomination With a String to It.

The Corrier de Duluth, in a leading editorial today, says: The first meeting of the alliance party took place last Wednesday evening at the Hotel St. Louis. The speaker of the day was Mr. W. W. Erwin, a renowned lawyer of St. Paul. This gentleman is a distinguished speaker and he has been applauded for his eloquence. It cannot be said that he has made many converts.

Mr. John Jensen was elected chairman of the meeting and began his few remarks by the words from St. John, the Baptist: "I am the voice of one crying in the wilderness. All that was needed to the people of the alliance was the power to legislate."

Under these circumstances, these words coming from a party whose aim it is to make one class of the people antagonistic to the other is comical to the highest degree, and in the name of St. John the Baptist, we solemnly protest. We do not know that our patron saint has anything common with the alliance party or the salvation army.

We will leave this gentleman with his vox clamantis in deserto, being convinced beforehand that he is not following the right path, and that the election of this state will find a very indifferent ear to the claims of a party which aspires only to the "get away, that I may take your place."

Mr. Erwin in a two hour's speech has offered theories very risky, if not dangerous. This speech has been but an impetuous attack, worthy of a better man upon the standard bearers of the two great political parties who are not desirous to attain power in the state.

It is comical to the highest degree, in penetrating into the happy and peaceful divisions of the workmen, with the ideas of a party which aspires only to the "get away, that I may take your place."

A political party which has nothing on its program but words of discord and strife, and which tries to jump into the meshes of the carter of divisions and anarchy is destined to die, a violent death. Those who now wind will always harvest the storm, and we predict to Mr. Erwin and his followers that the political sea, or which they are sailing, will be a sea of trouble.

A subscription was taken after the meeting. It was evident that the party of the alliance had already abandoned the right path traced by St. John the Baptist in the wilderness, and could not decide on living with reality.

Notwithstanding the fact that they are showing in their speeches, the alliance men have also in their hearts the love of the vile metal, and they are not indifferent to the census.

The alliance which, with an audacity worthy of a better cause, wants to lay hold on our glorious patron, will not find any followers amongst conservative men. The St. John the Baptist of the French Canadians does not belong to the same family as the alliance one. The alliance is a political party, born in the midst of an electoral storm, and whose destiny it is to disappear when calmness comes in our political atmosphere.

There will be a grand republican rally at the Hotel St. Louis, on the evening of Monday, October 21st, at 8 o'clock. Robert Evans of Minneapolis, one of the best speakers in the field in Minnesota, will deliver the principal address of the evening. Those who have heard Mr. Evans speak in other cities this fall, say that he is a man of the highest caliber. He will be the best address by H. C. Kendall, O. C. Kimmy and J. D. Boyd. The candidates for the legislature, and other local speakers. Those who are interested in the live questions of the day should not fail to hear these addresses.

C. P. Maginnis is no longer the candidate of the alliance party for state senator. According to a letter sent to Mr. Maginnis by the Alliance Central committee, the discussion which led up to this action occupied two sessions of the executive committee. The reasons given are because Mr. Maginnis was supporting the state democratic committee and would speak in favor of Mr. Whitman. The committee felt that it must surrender personal feelings when suffering humanity called them to their duty. Mr. Maginnis in answer to Mr. McLean's letter said: "I can only realize my loyalty and devotion to democracy, and up to this connection said that I did not ask for nomination or permit any person to do so. When, however, you placed me in nomination, I called upon your committee and made substantially the following statement: 'That I had always been a democrat and would affiliate with that party so long as possible; that I had been among the first to urge Judge Wilson to accept the democratic nomination and to pledge him my earnest support; and that if to secure an office for myself I should desert him I would be unworthy the confidence you desired to repose in me. After all this you still insisted that I should not decline the nomination by the alliance, in no manner intimating that there was a string attached to your promises. Neither the third for position nor the honor and emoluments of the office in question tempt me to sever one iota from democratic faith nor modify my determination to support the democratic ticket in the entirety. You are at liberty, therefore, to place upon your ticket the name of someone who will prove more tractable and plant than myself.'

The Zenith City Colored club will hold another meeting Monday evening at the municipal court room, at which the committee on resolutions will present its report.

OFFICERS OF CHURCHES.

News of the Churches of Interest to Duluth People.

A PLEASANT MISSIONARY TEA.

Plans for the New Cathedral; St. Luke's Annual Donation; General W. C. T. U. News.

LAST EVENING at the Congregational church parlors was given a missionary tea, at which about 20 members of the people of the church were present. A substantial supper was spread after which a program, led by Mrs. J. E. Woodbridge, was carried out. There were most interesting remarks on missions and notes of personal experience by Mr. and Mrs. Sheffield, who have been in the China field for twenty-one years; there was a bright report on the missionaries in Japan now supported by the church; the West African mission was described and attention was turned to home missions by a brief report. Other reports were made and Mrs. C. P. Howe gave a very pleasing contralto solo.

It now transpires that the American missionaries, one of them Warren J. Harris from Duluth, who died on the west coast of Africa last July from fever, died because of their staunch belief in "faith healing." The department of state at Washington received a letter from the governor of Sierra Leone, enclosing a report from the colonial surgeon at Freetown, relative to the case of the nine American missionaries at that place. The reports state that Mr. Kingman arrived at Freetown on Feb. 27, 1889, and was followed on June 15, by Mrs. Kingman, Miss Dick and Messrs. Heinicke, Johnson, Gelling, Tryon, Gates and Harris. Upon their arrival they began at once to lead the life of the natives, eating native food, cooking and washing for themselves and collecting fuel in the rainy season, hoping thus to gain the confidence of the natives. On July 9 Mr. Kingman informed Dr. Rose that two members of his party had died that day, but did not tell the surgeon that several other members of the little colony were also down with the fever, among them Kingman's own wife. Upon inquiry the surgeon discovered that no doctor had been called to attend the deceased Messrs. Gates and Harris, the whole party being firm believers in "faith healing," that they had taken no medicine, and had in consequence died of the fever. The next day Kingman called in the surgeon to attend his wife, but she was too far gone and succumbed on the following day.

To any of the friends of Harris or Gates, who had heard their tale before leaving Duluth, this report sounds natural. Mr. Harris himself had such confidence in his faith that he intended to start for Africa, and probably did, penning, expecting that the Lord would supply him money when it was needed. He even said that if he could get no passage across the water he knew that the Lord would provide him wings or arrange in some way for a passage to Africa. This form of lunacy was apparently brought on by the fact that on several occasions when at work in the Y. M. C. A. cause in this state and short of funds these misguided young men had received packages of money needed from friends or strangers, all of which they claimed were providentially given in answer to prayer.

It is said during the past 100 years, the average daily gain of the Baptist churches equis seventy-nine for every day of the entire period; and for the past ten years the reported baptisms amount to 129,257—an average of 344 per day for every day of the ten years.

The Salvation Army in Europe has organized a "corps of cavalry" for campaigns in the rural districts. The troops consist in large wagons, carrying along kitchens, tents, etc. The army is preceded by bicycle messengers, announcing the meeting in the villages.

Papers can no longer be cried out for sale on Sunday in Waterbury, Conn. Several fines of \$2 each have been paid as a penalty, and other places where the practice has become a nuisance, and moral suasion has failed, may do well to try legal suasion.

The Sunday school at Stockport, Eng., is said to be the largest in the world, enrolling about 3,000 members. It is 130 years old, and has had since its beginning about 6,000 teachers and over 100,000 scholars. One secret of its success is to be found in an answer which a lady superintendent once gave to a request from Dean Stanley to state what features of the school she regarded as of greatest importance. She replied: "The school gives to every scholar not only a teacher but a friend and confidante—one to watch over and pray for them, and take interest in them—whose influence is always around them for good."

Nearly double the number of new Christian Endeavor societies are being formed every week that were reported a year ago at this time. The movement is apparent in every evangelical denomination and in nearly every state and province.

Today is the annual donation day for St. Luke's hospital, and this noble charity is receiving abundant proof of the hold it has in the hearts of Duluthians. The hospital's needs are, however, much greater than today's receipts are likely to be. It needs money for a new building for which plans are drawn, and it needs an endowment to enable it to continue its charity work unimpeded.

Rev. G. H. Kemp intends very soon to inaugurate a regular system of Bible study following his Thursday evening prayer meeting.

Right Rev. Bishop McGillicrick is in the East looking over plans of cathedrals and churches with a view to finding something that he will want for the new Catholic cathedral in Duluth. This cathedral will be one of the finest church edifices in the Northwest, and will cost considerably over \$100,000. With the orphan asylum and seminary of the bishopric it will be begun and finished in 1901.

The Duluth "Y" gave a very enjoyable reception to the school teachers of the city last evening.

Mr. Thomas Collins has lately become an honorary member, and Dr. Mary Knaut, a graduate of Ann Arbor Medical school, has recently moved to the city and has identified herself with the union.

The central Y. W. C. T. U. of Duluth has seventy-five active members and has the largest membership of any union of the state.

CIRCULATING A PETITION.

American Sabbath Union Laboring to hinder Sunday opening.

New York, Oct. 18.—The American Sabbath union is being deluged with requests for blank copies of the petition to the national commission of the World's fair against the opening of the enterprise on Sunday. Thousands of copies are being sent out weekly. The petition reads as follows:

"In harmony with the Sunday laws of various states and territories of the Union, in the interests of public morals and religion, which are the bulwarks of free institutions; for the benefit of the exhibitors and employees of the World's fair; for the more complete success of the exposition itself, to be held in Chicago in 1893; and in accordance with God's fourth commandment, your petitioners respectfully and earnestly request your honorable body to order that the gates of the exposition shall not be opened to the public on Sunday, the weekly Sabbath rest."

A Golden Jubilee.

Brooklyn, Oct. 18.—Today the golden jubilee of Bishop Coughlin is being observed. The celebration began last evening with a reception in the Palace rink on Chatham avenue. Between the music and congratulatory speeches the bishop was presented with an engraved address and nearly \$100,000. At 9 o'clock this morning solemn pontifical high mass was celebrated in the old cathedral on Jay street, Bishop Coughlin being the celebrant. The orchestra, part of the service included the special music rendered at home on the occasion of the Papal jubilee.

Religious Society Benefactor.

Rutland, Vt., Oct. 18.—The will of the late Frederick Billings of Woodstock bequeaths to the Congregational church in Woodstock and to the American Board for Foreign Missions \$15,000 each, the Vermont Domestic Missionary society and American Home Missionary association \$10,000. Liberal bequests are made to the members of his family and friends.

SOME COMMITTEE WORK.

Little Labor and a Good Deal of Red Tape There.

Chicago, Oct. 18.—The World's fair executive committee of the national committee assembled this morning at the Pullman building. Its duty today is to consider plans adopted by the local directors and report to the national body two weeks hence. The plans of the local committee of grounds and buildings with the plan of exhibit will also be submitted today.

The plans for the proposed buildings submitted to the committee of grounds and buildings, show precisely what engineering difficulties are involved with the estimate of cost and the time required. There are also maps of the drainage and water supply. It is estimated that 350,000,000 gallons of water will be needed each day, and that the necessary machinery and buildings alone will require an expenditure of \$20,000.

OF COURSE, OF COURSE!

New York, Oct. 18.—The barons of the anthracite coal trade are holding a meeting here today for the purpose of discussing the question of further restricting the production and of raising prices. Of course this will only be preparatory to the usual November twist at the first signs of frost.

BLONDE OR BRUNETTE.

Is it true?

For a I year for both, yet one alone can I ever hope to call my very own. Which shall I choose?

One dark, one fair: The rich brown, olive's bloom; the ripened peach: Each rare in loveliness, so modest each: Which shall I dare?

As sure as fate I know that either waits for my babe's To be mine own and lay upon my breast: Why hesitate?

And! Why? Because I long for both: Each fills my heart's desire. Yet I cannot wait till I have both! And thus I pause!

Which choice is mine? Will leave me for unchosen long regret? What peace were mine, had we but never met? Then which realize?

Be still, my heart! I humbly answer to your fate's fond beck: Dark beauty, come! Chase then my willing rock! Fair one, we part!

"Here, twenty! O-a-w-a-h!" "Then dark beauty, arms, everlastingly yours. In, yes! They'll wash!"

"Puck! It takes a man of nerve to sit down in a \$100 Prince Albert without arranging the skirts."

Detroit, Free Press: "George," said the bride, "I seem to be constantly hearing the sweetest music. I wonder what it means." "It means," said the practical groom, "that the fellow that sold me the wedding ring for a plain gold band worked off a brass band on me."

A Mixed-Worked Thank-You.

The fact that the speaker's desk was found to have been pounded into splinters when the cloth was removed from it seems to be accepted by many newspapers as a very unusual circumstance, and as an indication that Tom Reel was required to do more than the customary amount of hammering. Every speaker succeeds in pounding the desk into splinters before half of the long session is over, and it is not an unusual thing to have the top of the desk removed before the speaker strikes it for the last time and proclaims the session at an end. It doesn't require much pounding to splinter a pine board, and particularly when the pine board forms the top of the speaker's desk.

When speaker, Mr. Randall always succeeded in splintering the top of the desk twice during a long session, and during the session of the forty-fifth congress, when the electoral vote was counted and Mr. Hayes declared president, Mr. Randall pounded the top of the desk out of shape three times.

Speaker Reed has done no more pounding than his predecessors in the speaker's chair, and not so much as many of them. At all events, he has not broken the record in desk breaking.

NEWS FROM WASHINGTON

Bar Association on the Death of Justice Miller.

SILVER IS BOUGHT IN QUANTITY.

Postmasters Get Commissions: The Tariff Discussion: Telegraph News from the World.

WASHINGTON, Oct. 20.—There was a meeting of the bar of the supreme court of the United States today, for the purpose of expressing the esteem in which Justice Miller was held by the attorneys who practiced before the court. S. P. Phillips was elected chairman and Jas. McKim, secretary. A committee, consisting of Messrs. W. A. Evans, Wayne MacVeigh, C. K. Davis, A. H. Garland, John T. Morgan, W. C. Gould, George F. Edmunds, Thos. J. Senneker, George C. Fisher, D. Danville J. M. Wilson, J. M. Woolworth, J. R. Hendon and Burch Tatten was appointed to prepare resolutions commemorative of the services of Justice Miller, and the meeting then adjourned until Dec. 1, when the resolutions will be reported.

A very high attendance of lawyers throughout the country, it is expected, will attend this meeting. The court met at noon, but being without a quorum immediately adjourned. There were five justices present, but it was too late to make a quorum. The chief justice and Justice Brewer had not returned from Kansas.

Two Postmasters. WASHINGTON, Oct. 20.—The President today signed commissions for a. J. Now as postmaster at Shelby, Mich., and D. W. Trump as postmaster at Mayfield, Iowa.

Mrs. Williams M. White, Richmond, Va., arrived in the city yesterday on a visit to her daughter, Mrs. C. D. Jones. General Agent Callahan of the United States is in the city on his first visit.

WHERE ARE THEY?

Those drinking fountain that the Water Company is bound to put in.

City Attorney Allen says "The attorney for the Water company and myself have agreed upon its points at issue in the case now pending, and it will be argued before the council sustains my action."

I have noticed that in an announcement to the charter passed Oct. 18, 1890, the Water company is obliged to furnish water, free of charge, for two school houses, and to maintain two public drinking fountains. The council decided that the latter should be located on Superior street, at the corners of Lake and Oakland avenues, but they are not there.

EVANS' SPEECH AT THE BETHEL

An Excellent Production; Mannheim Takes the Alliance Senatorial Nomination; Notes.

Saturday night's republican rally at the Bethel attracted a good crowd, which was an enthusiastic as could be desired. Capt. W. H. Smallwood presided, and made a happy speech introducing Hon. R. C. Evans of Minneapolis, referring to Mr. Evans' speech here two years ago and his prophesies of the republican victory that was obtained, and to the fact that he modestly declined the offer of a lucrative federal office.

Mr. Evans was heartily applauded on rising. He spoke alone and was heartily cheered many times. I am proud, said he, of having spoken in Duluth before and there has been nothing in the record of the republican party since then to make me ashamed of showing my face in Duluth. All promises made by the republican party have been carried out. We fought that two years ago the magnificent victory in Minnesota had settled in this state at least the question of protection.

I believe in cheap transportation but not one cent cheaper than will pay a proper interest on the cost and proper wages to employees. When we go up we let us go together. The republican party has been working to this end for many years and has never passed a law with the intention of benefiting one class at the expense of another. The republican party has been working to this end for many years and has never passed a law with the intention of benefiting one class at the expense of another.

This fall the democrats are proclaiming loudly against protection and the special object of their aversion is the McKinley bill. It needs no defense. I believe it is the best tariff bill ever passed in this country. I believe if we let it pass it will give us a trial, all will agree that it is the best thing for the country. I saw this afternoon a picture of Duluth in 1870 and it is the most complete answer I can give to the arguments against protection.

Democracy say our foreign commerce is decreasing. The fact is our foreign commerce is constantly growing. Increase in addition to paying the highest wages Americans manufacture the best goods in the world. During the past twenty-five years the ratio of our foreign commerce to that of other countries increased 25 per cent, while during the same period free trade Great Britain's ratio has fallen off 15 per cent.

Free trade is not what you have to pay for an article, but what you have to pay for it. We would like to see America, and not pay special attention to the criticism on the other side of the water. Our Canadian friends abuse the McKinley bill. They are as mad about it as the democrats are. The McKinley bill is the best thing for the country. I saw this afternoon a picture of Duluth in 1870 and it is the most complete answer I can give to the arguments against protection.

Do you think the ratio can be made to be as high as it is in this country under democratic free trade? I do not believe it. For that all this great inland trade and the great house market, consuming 95 per cent of the products, would have been possible under free trade. You don't hear of more emigrating from this country to other countries. They come here to make a home, and they make it. The republican party came to you with other important things in mind.

The situation in St. Louis county has undergone a remarkable change within the past few days as far as the county ticket is concerned. Of course the democrats concede but little, they never do. It is a part of their doctrine to never say, but nevertheless the outlook for all of the candidates is decidedly easy. The election for some time has been a foregone conclusion, and those who had anything like a contest on hand, have been putting in some good work with very good results.

It has allowed themselves to get into bad positions and are gradually creeping back into the fold. From present appearances, it is now only a question of majority with the republican candidate on the county ticket.

D. J. Sinclair is working hard for his election to the position of clerk of courts and is gaining supporters every day. He is paying considerable attention to the Fifth and Sixth wards, where he has made large gains in the last few days. He says that he is well satisfied with the outlook and is confident of his election. Others who have a good knowledge of the situation are also confident that he will win. P. J. Voss, his opponent, is looking up the situation on the range and will not return before Wednesday.

The red-hot note written by C. P. Maginnis concerning his expulsion by the alliance is the subject of considerable comment among the politicians. Mr. Maginnis certainly opened the eyes of a great many who were being fooled by the alliance. Governor Joseph M. Mahan, who was already a candidate for the house, has been placed on

the ticket to fill the vacancy caused by the removal of Mr. Maginnis. Mann, him, of course, accepted. He always does. His course is causing a great amount of criticism. Republicans have come to regard him as an incurable chronic office seeker. He was given his seat in the council by the republicans.

A number of the republican candidates went up on the range today to meet Robert G. Evans in stirring up the republicans of Tower and Ely. They will be absent several days.

Hon. C. R. Davis will speak in Duluth on the evening of Nov. 1, and the demonstration will be the finest ever seen in Duluth. The Minneapolis Flimbeau club, one of the best drilled and best equipped organizations of the kind in the country will accompany the senator and assist in making the occasion memorable.

The Zenith City Colored Republican club will hold a meeting this evening at the municipal court room. It is expected that the committee on resolutions will be ready to report and that the policy to be pursued by the club will be outlined.

THE GRAIN MARKET.

Shipments of Wheat Remarkably Light: The Week's Grain Movement; Local Wheat Shipmenters are all now that they have ever been before at this time of the year in the history of Duluth. The Minneapolis Flimbeau club, one of the best drilled and best equipped organizations of the kind in the country will accompany the senator and assist in making the occasion memorable.

"In the first place Duluth is essentially a No. 1 hard wheat, and it is shipped from here in a solid eastern market on Minnesota inspection, which has always been kept up pretty well, instead of from sample. This year we are not receiving as much No. 1 hard as usual. In fact there are less than 1,000,000 bushels of all wheats in store. Besides this there is not the demand from the East that we usually have.

The season will not close for six weeks yet, and the Eastern buyers may become sore and lay in a larger stock of No. 1 hard, and that will bring up the Duluth business during the last two or three weeks of the season."

Wheat was good shipping and milling demand a trifle above Saturday's figures, this morning and continued with upward tendencies during the day. Foreign cables were favorable and increased buying in eastern and neighboring markets.
